For persons of seventy-five years and older:

The pilgrimage is demanding. It includes long walks over often uneven ground and cobblestone, climbing long and steep staircases, and long days. Once we receive your registration, we will send a medical consent form for your physician to complete. It is a short form asking your physician to approve your travel under the above conditions. If you have questions about the trip's physical demands, please don't hesitate to email or call us.
